

ACT OF ACCEPTANCE

Issue Date: Guayaquil, June 27, 2022

Project's name: Tarifans

Client's name: Ing. Leonardo Castro Alban

Formal acceptance declaration:

The present act serves as evidence that the investigation and development of the first sprint, with May 25th 2022 as the starting date and ending June 20th 2022 and relating to the "TARIFANS" project, has been accepted and approved by Ing. Leonardo Castro Alban, who serves as the project's client; thus it is concluded that the progress made so far is considered successful considering the client's needs.

The progress made from the starting date comprises the following points:

- Existent windows' adjustments with the purpose of making them more appealing, and added functionalities in order to improve user experience.
- Integrated tools such as ESLint to improve existing code's organization and to serve as a way to prevent errors.
- Adding a footer that allows for navigation between the main user windows present in the app, in order to improve user experience while navigating through the app.
- Review and coordination to determine missing HTTP requests to be processed in the backend, as well as coding the missing HTTP requests in the frontend's code to connect it with the backend.
- Agreement to deploy the backend to production in a DigitalOcean's droplet as soon as credentials are provided.

Observations:

The topics mentioned above have been previously discussed during recurring meetings via Zoom scheduled at Mondays at 9pm -5 UTC, excepting certain cases where they were moved to Wednesdays at the same time because of time issues.

Accepted by:
